JUMPS FROM FLYING TRAIN; GETS ONLY FEW SCRATCHES

Hilo, Hawaii, July 9.—One of the most marvelous escapes from death ever heard of or seen in the Hawaiian Islands was that of Ichi Guchi, a Japanese boy 12 years of age who jumped from a train moving at the rate of 25 miles an hour on Tuesday morning last near the entrance to the Hanalei tunnel. The lad was not noticed until his form was seen to strike the ground and then rebound several feet. The train was stopped and the horror-stricken crew and passengers returned to pick up the remains. What they saw was a slightly scratched youngster who was more concerned over the fact that he had lost an advertising button from his hat than anything else.

CHOWDER SUPPER AND DANCE, PLAN AT OUTRIGGER

Twelve Hundred Tickets Already Spoken For For Big Event on August 21

Twelve hundred tickets already have been reserved for the chowder supper and dance which will be given at the Outrigger Club the evening of August 21, according to a statement made today by an officer of the organization. The affair promises to be the largest and most successful of its kind ever undertaken by the club, fully 5000 people being expected. It will mark the opening of the spacious new pavilion which now is under construction, and it is the idea of the club, in giving the dinner and dance, to wipe out the expense incurred in erecting the pavilion.

The entertainment committee is working hard on plans for the affair. On August 21 the moon will be at its best if the weather is good, and should assist in no small way toward making the evening an attractive one. The entertainment committee consists of the following:

Robert McCorrison, chairman; Raymond C. Brown, Watson Ballentyne, Charles R. Frazier, C. G. Heiser, George Casper, Capt. R. B. Lister, D. F. Mooney, L. C. Thompson, I. D. Canfield, F. G. W. Cooper, Warren Dease, E. M. Farhorn, J. A. M. Johnson, H. E. Podmore and A. H. Ford.

Even at this stage of the game if a man's name is Grover C. Blank, we can't always tell what the C stands for.
